Any declarations, consent, marriage, divorce, contractual agreement, decision, testimony imposed by force is invalid.

The Job of the Sword

The sword opens a land and doesn't open a heart. In other words, the sword has been used to expand the empire not to expand the religion.

Force cannot be Used to Compel Religion

Using force to compel religion produces nothing but hypocrisy. The one who is under the threat of the sword will not love or practice Islam nor will teach it to his/her children.

Must Love Islam

The person who loves and practice Islam, as well as teach Islam to his children, is not the one under the threat of the sword.

No Inquisition

Unlike the history of Christianity that has 400 years of inquisition; the history of Islam doesn't have any form of inquisition.

What Happens to the Muslims who Denounce Islam Publicly.

- Islam has a policy that says if you don't harm the religion, the religion will not harm you.
- At the time of the Prophet, enemies of Islam used to embrace Islam in the morning and then denounce it in the evening announcing publicly that Islam is a bad religion. It was a tactic to drive people away from Islam. The Quran mentions this fact [Quran 3:72](#).
- To stop people from doing this, the Prophet order that the ones who embrace Islam and then denounce it publicly be given three days chance to correct themselves publicly or get killed.
- If people denounce Islam privately, nothing happens to them.
- During the three days all what the person has to do is to declare publicly that he was wrong and then he/she will let go. It is an easy way out.
- This rule applies only in Muslim countries.
